About Us:

At San Diego Law Library we are at the forefront of legal research and information delivery. As a public law library, we proudly serve not only the legal community but also the general public. Our mission is to provide equal access to reliable legal materials, ensuring access to justice for all individuals. The San Diego Law Library operates under California Business and Professions Code sections 6300-6363. It is funded through a portion of state court civil filing fees, with supplemental funding via grants and donations. We are seeking an innovative and forward-thinking Law Library Director to lead our team into a new era of legal information services.

Position Overview:

The Law Library Director reports to a nine-member Board of Trustees, manages a full-time staff of approximately 16, and oversees a multimillion-dollar budget. The Director will be a visionary leader responsible for managing our well-respected Public Law Library, driving its strategic direction, and ensuring its operational excellence. This role demands a dynamic individual who can adapt to the rapidly evolving landscape of legal information, including the impact of technology and challenges of funding, while navigating the complexities of county and state regulations. The Director will also ensure that the Library continues to serve the general public, which comprises roughly 75% of our patronage, by promoting access to justice through relevant legal resources and strategic partnerships, in line with our "Law Made Public" mission.

Join us in transforming legal information services, promoting access to justice, and leading the way into the future!
