

### **Competitive Intelligence Analyst, Wilson Sonsini**

We are looking for a Competitive Intelligence Analyst to join our team. Are you looking for stimulating and challenging work? If you are creative, think outside the box, like to look at companies, people, geographic areas and industries to see how they all intersect, then we'd love to talk to you.

The CI Team is part of our larger Research and Information Services/Library Team but it gets to work on all the fun and meaty projects.

The full job description can be found here:

Wilson has a smart, collaborative culture where your contributions will make a difference.
